# INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF ISMAIL IQBAL SECURITIES (PRIVATE) LIMITED

# REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

#### Opinion

We have audited the annexed revised financial statements of ISMAIL IQBAL SECURITIES (PRIVATE) LIMITED (the Company), which comprise the statement of financial position as at June 30, 2021, and the statement of profit or loss and other comprehensive income, the statement of changes in equity, the cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the cash flow statement together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2021 and of the profit, total comprehensive income, the changes in equity and its cash flows for the year then ended.

#### **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

ADVISORY . ASSURANCE . TAX

Baker Tilly Mehmood Idrees Qamar, Chartered Accountants trading as Baker Tilly is a member of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities.

# Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing
  an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

bin

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are in adequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

# REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017(XIX of 2017);
- b) the statement of financial position, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the cash flow statement together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017), and are in agreement with the books of account and returns;
- investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) no Zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

The engagement partner on the audit resulting in this independent auditor's report is Mehmood A. Razzak.

Chief Executive Officer

ISMAIL IQBAL SECURITIES (PRIVATE) LIMITED NOTES TO THE ACCOUNTS FOR THE YEAR ENDED JUNE 30, 2021

# STATUS AND NATURE OF BUSINESS

The company is incorporated as a private company limited by shares under the Companies Ordinance, 1984 (repealed by Companies Act, 2017) and is a holder of the Trading Right Entitlement Certificate (TREC) of the Pakistan Stock Exchange Limited. It is principally engaged in the business of brokerage of shares and securities, investment advisory services, portfolio management and securities research. The registered office of the company is situated at 17 - Bangalore Town, Shahrah-e-Faisal, Karachi, Pakistan.

# 2. BASIS OF PREPARATION

# 2.1 Accounting Convention

These financial statements have been prepared under the historical cost convention, except for short term investments in quoted securities which are stated at fair value.

These financial statements comprise balance sheet, profit and loss account, cash flow statement, statement of changes in equity and notes to the financial statements and have been prepared under the accrual basis of accounting except for cash flow information.

#### 2.2 Statement of Compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of such International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Act, 2017 (the Act), and provisions of and directives issued under the Companies Act. 2017. Where provisions of and directives issued under the Companies Act, 2017 have been followed.

#### 2.3 New and amended standards and interpretations

# 2.3.1 Standards, amendments to approved accounting standards effective in current year

There are certain new standards and interpretations of and amendments to existing accounting and reporting standards that have become applicable to the Company for accounting periods beginning on or after July 01, 2020. These are considered either to not be relevant or not to have any significant impact on the Company's financial statements.

2.3.2 Standards, amendments to approved accounting standards and interpretations that are not yet effective and have not been early adopted by the Company

There are number of other standards, amendments and interpretations to the approved accounting standards that are not yet effective and are also not relevant to the Company and therefore, have not been presented here.

# 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The company has consistently applied the following accounting policies to all the years presented in these financial statements.

### 3.1 Operating assets

#### Owned

Operating assets are stated at cost less accumulated depreciation.

Depreciation on all operating assets is charged to income using the reducing balance method in accordance with the rates specified in note 4 to these financial statements. Depreciation on additions is charged from the month the asset is available for use.

Maintenance and normal repairs are charged to income as and when incurred; major improvements are capitalized.

Gain or loss on disposal of assets is included in profit and loss account.

#### 3.2 Intangible Assets

An intangible asset is recognized if it is probable that the future economic benefits that are attributable to the asset will flow to the company and that the cost of such asset can be measured reliably.

Costs directly associated with identifiable software and having probable economic benefit exceeding beyond one year are recognized as intangible assets. Direct costs include the purchase cost of software and related overhead cost. Computer software are amortized from the date such assets are put into use on straight-line basis over its useful life. Cost associated with maintaining computer software are recognized as an expense when incurred.

TREC and office room at PSX building, having indefinite useful lives are not amortized. These are stated at acquisition cost less impairment, if any. The carrying amounts are reviewed at each balance sheet date to assess whether they are in excess of their recoverable amounts, and where the carrying values exceed estimated recoverable amount, these are written down to their estimated recoverable amount.

#### 3.3 Financial assets

#### Initial Measurement

The Company classifies its financial assets into following three categories:

- measured at amortised cost.
- fair value through profit or loss (FVTPL); and
- fair value through other comprehensive income (FVOCI);

A financial asset is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition.

#### Subsequent measurement

## Debt Investments at FVOCI

These assets are subsequently measured at fair value. Interest / markup income calculated using the effective interest method, and impairment are recognised in the statement of profit or loss account. Other net gains and losses are recognised in other comprehensive income. On de-recognition, gains and losses accumulated in other comprehensive income are reclassified to the statement of profit and loss account.

#### Financial assets at FVTPL

These assets are subsequently measured at fair value. Net gains and losses, including any interest / markup or dividend income, are recognised in the statement of profit and loss account.

# Financial assets measured at amortised cost

Financial assets measured at these assets are subsequently measured at amortised cost using the effective amortised cost interest method. The amortised cost is reduced by impairment losses. Interest / markup income, and impairment are recognised in the statement of profit and loss account.

# **Equity Investments at FVOCI**

These assets are subsequently measured at fair value. Dividends are recognised as income in the statement of profit or loss account unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in other comprehensive income and are never reclassified to the statement of profit and loss account.

# Impairment of financial assets

IFRS 9's impairment requirements use more forward-looking information to recognise expected credit losses – the 'expected credit loss (ECL) model'. This replaces IAS 39's 'incurred loss model'. Instruments within the scope of the new requirements included loans and other debt-type financial assets measured at amortised cost and FVOCI that are not measured at fair value through profit or loss.

Recognition of credit losses is no longer dependent on the Company first Identifying a credit loss event. Instead the Company considers a broader range of information when assessing credit risk and measuring expected credit losses, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

#### 3.4 Financial liabilities

Financial liabilities are initially recognised on trade date i.e. date on which the Company becomes party to the respective contractual provisions. The Company derecognises the financial liabilities when contractual obligations are discharged or cancelled or expire. Financial liability other than at fair value through profit or loss are initially measured at fair value less any directly attributable transaction cost. Subsequent to initial recognition, these liabilities are measured at amortised cost using effective interest rate method.

#### 3.5 Off-setting of financial assets and financial liabilities

Financial assets and financial liabilities are off-set and the net amount is reported in the financial statements only when the company has a legally enforceable right to off-set the recognized amounts and the company intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

#### 3.6 Trade debtors

These are initially measured at original invoice amount, which approximates fair value, and subsequently measured at amortized cost less provision for impairment, if any. A provision for impairment is recognized when there is objective evidence that the company will not be able to collect all the amount due according to the original terms of the receivable. Trade debts are written off when considered irrecoverable.

#### 3.7 Provisions

Provisions are recognized when the company has a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are verified at each balance sheet date and adjusted to reflect the current best estimate.

# 3.8 Trade and other payables

Trade and other payables are recognized initially at fair value plus directly attributable costs, if any, and subsequently measured at amortized cost.

# 3.9 Borrowing costs

Borrowing costs are recognized as an expense in the period in which these are incurred, except to the extent that they are directly attributable to the acquisition or construction of a qualifying asset (i.e. an asset that necessarily takes a substantial period of time to get ready for its intended use or sale) in which case these are capitalized as part of cost of that asset.

# 3.10 Cash and cash equivalents

Cash and cash equivalents are carried in the balance sheet at cost. For the purpose of cash flow statement, cash and cash equivalents include cash in hand, balances with bank and short term running finances.

# 3.11 Staff retirement benefits

The company operates an unfunded gratuity scheme for all permanent employees based on their length of employment.

#### 3.12 Taxation

- The charge of the current year taxation is based on taxable income after considerign the rebates and tax credits available, if any. The company's revenue also falls under final tax regime to the Income Tax Ordinance, 2001.
- Taxable income at current rates of taxation after taking into accounts tax credits, rebates and exemption available, if any;
- The minimum tax under Income Tax Ordinance, 2001; or
- Alternative Corporate Tax under Income Tax Ordinance, 2001.
- Final tax regime at the applicable tax rates of the Income Tax Ordinance, 2001.

#### 3.13 Revenue recognition

- Brokerage and other income is accrued as and when such services are provided.
- Sale and purchase of securities and resultant gain or loss on disposal of securities are recognized on the date of contract.
- Dividend income is recognized when the right to receive the dividend is established.

## 3.14 Transactions with related parties

All transactions involving related parties arising in the normal course of business are conducted at normal commercial rates on the same terms and conditions as third party transactions using admissible valuation models, as admissible, except in extremely rare circumstances where, subject to the approval of the board of directors, it is in the interest of the company to do so.

# 3.15 Functional and presentation currency

These financial statements are presented in Pakistani Rupee, which is the company's functional and presentation currency.

	SHORT TERM BORROWINGS - SECURED			15.1	74,504,704	164,900,403

15.1 The company has obtained short term running finance facilities under mark-up arrangements with an aggregate limit of Rs. 475 million (2020: Rs. 925 million) from various commercial banks with variable mark-up rates ranging from 2021: 8.69% to 9.50 (2020: 8.42% to 14.12%). These are secured against pledge of marketable securities and personal guarantees of all the directors.

## 16. CONTINGENCIES AND COMMITMENTS

# Contingencies

The company has filed a recovery suit amounting to Rs. 12.6 million against a customer. The same customer has filed a counter suit of the same amount against the company. The company based on the advice of its legal counsel is confident that the case will be decided in its favor and the amount against which the claim has been filed will be received. Hence, no provision against this receivable has been made in these financial statements.

#### Commitments

There has been no commitments at balance sheet date.

### 28. CAPITAL RISK MANAGEMENT

The company's objective when managing capital is to safeguard the company's ability to continue as a going concern so that it can provide benefits to all stakeholders.

In order to maintain the balance of its capital structure the company may consider injecting further equity or issuing fresh debt. The company monitors its capital on the basis of its gearing ratio. Debt is calculated as total borrowings including both long term and short term borrowings. The gearing ratio as at June 30, 2021 and 2020 was as follows:

	2021	2020
	Rupees	Rupees
Total borrowings	74,504,704	164,900,403
Paid-up capital	346,823,600	346,823,600

#### Financial risk management objectives and policies ii)

Total financial liabilities

The company's activities are exposed to a variety of financial risks which are mainly market risk, liquidity risk and credit risk. The company has established adequate procedures to manage each of these risks as mentioned below:

#### Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of three types of risks namely interest rate risk, currency risk and other price risk. The company is exposed to interest rate risk and other price risk only.

#### b) Credit risk

Credit risk represents the accounting loss that would be recognized at the reporting date if counter parties fail to perform as contracted. Credit risk arises from deposit with banks, trade debts, loans, advances, deposits and other receivables. The maximum exposure to credit risk (which is the carrying value of financial assets) at the balance sheet date is as follows:

		2021 Rupees	2020 Rupees
Long term deposits	368	2,787,965	2,736,965
Short term investments		177,459,604	146,012,519
Trade debts		74,520,823	41,120,848
Advances, deposits and other receivables		147,114,827	49,037,735
Bank balances		239,041,845	403,657,155
Mi		640,925,064	642,565,222

353,532,236

423,611,870

To reduce the exposure to credit risk, the company has developed a formal approval process whereby credit limits are applied to its customers. The company is doing its utmost to recover the amount outstanding from its customers and is confident that the amount would be recovered based on the past experience and the recovery efforts being carried out by the company.

The credit risk on liquid funds is limited because the counter parties are banks with reasonably high credit rating.

No impairment has been recognised in respect of these debts as the custody of equity securities against the same is considered to be adequate.

## c) Liquidity risk

Liquidity risk represents the risk that the company will encounter difficulties in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities.

The table below analyses the company's financial liabilities into relevant maturity groupings based on the remaining period at the balance sheet date.

	_			2021

#### iii) Fair value of financial assets and liabilities

The carrying value of all financial assets and financial liabilities reflected in the financial statements approximate their fair values.

The fair value measurement hierarchy of the financial instruments carried at fair value is as follows:

Level 1 - quoted market prices

Level 2 - valuation techniques (market observable)

Level 3 - valuation techniques (non-market observable)

Fair value of investments traded in an active market are based on quoted market prices under the level 1 valuation method. Since investment in Pakistan Stock Exchange Limited (PSX) is not listed on any stock exchange, a quoted market price is not available and the fair value of such investment can not be determined with reasonable accuracy.

The table below analyses financial instruments measured at fair value at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorised:

				2021		
		Level 1	Level 2	Level 3	Total	
			Rupees			
	Investment	-		7,000,000	7,000,000	
	Short term investment	177,459,604			177,459,604	
		177,459,604		7,000,000	184,459,604	
				2020		
		Level 1	Level 2	Level 3	Total

## **Capital Adequacy Level**

31.1 While determining the value of the total assets of the TREC Holder, Notional value of the TRE certificate held by the Company as at year ended June 30, 2021 as determined by Pakistan Stock Exchange has been considered.

# 32. NET CAPITAL BALANCE

Net capital requirements of the Company are set and regulated by Pakistan Stock Exchange Limited. These requirements are put in place to ensure sufficient solvency margins and are based on excess of current assets over current liabilities.

The Net Capital Balance as required under Third Schedule of Securities and Exchange Rules, 1971 read with the SECP guidelines is calculated as follows:

			2021
DESCRIPTION	VALUATION	Note	Rupees
CURRENT ASSETS			
Cash and bank balances	As per book value	32.1	342,636,396
